Governor Barns States His Position About Indorsement.

SINCE ENID CONVENTION

He Has Left Matter Entirely With Convention.

Guthrie, O. T., Aug. 13.-Governo Barnes reached here Saturday night, bringing with him the same non-con cal attitude that marked his positi prior to the territorial convention. "As you are aware," said the governor, "I was out of the city when the convent) was held and my only knowledge of what took place was gained from the account published in the newspapers. If it be true, as stated, that an attempt was made to secure the passage of a resolution, I can only say that the moveme was wholly unauthorized by myself. Th ition of the administration and dit friends ever since the Enid convently was well understood throughout the ter ritory, which was that the congreconvention should be left tirely free, to carry out any policy dictated by Mr. Flynn and for which he must be respons tible. This was my expression to Mo office a few days prior to the convention and I om quite sure that he carried n this I have nothing more to say at pres ent," cup the governor.

Nothing definite is given out s the reasons for the bank's insolvency but the story is current that it was carying a large line of wheat against a falling market. It is not believed that he closing of the bank will be permaent and there is already talk of a reor raniation.

The Bank of Kingfisher is one of the ancial landwarks of Kingfisher and Okshoma territory and the news of its esent trouble will be read with genu to regret.
